Customer Service and Support

Services

Cognitive Services

Cognitive Services Customizations

Bot Framework

Microsoft Cognitive Services

Leverage API's in any language

Vision

From faces to feelings, allow your apps to understand images and video

Speech

Hear and speak to your users by filtering noise, identifying speakers, and understanding intent

Language

Process text and learn how to recognize what users want

Knowledge

Tap into rich knowledge amassed from the web, academia, or your own data

Search

Access billions of web pages, images, videos, and news with the power of Bing APIs

Labs

An early look at emerging Cognitive Services technologies: discover, try & give feedback on new technologies before general availability

Bot Framework - Engage with your users

A natural language interface across all conversation channels

Insights

Provide information

Perform tasks

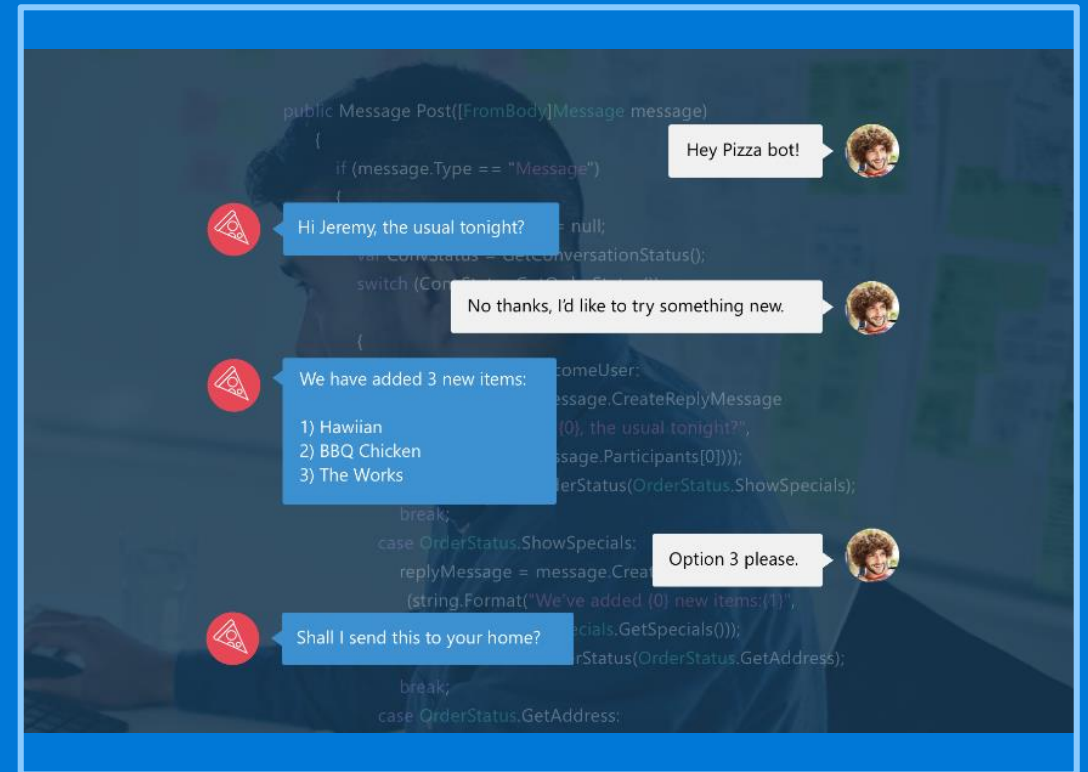

Make recommendations

Capture information

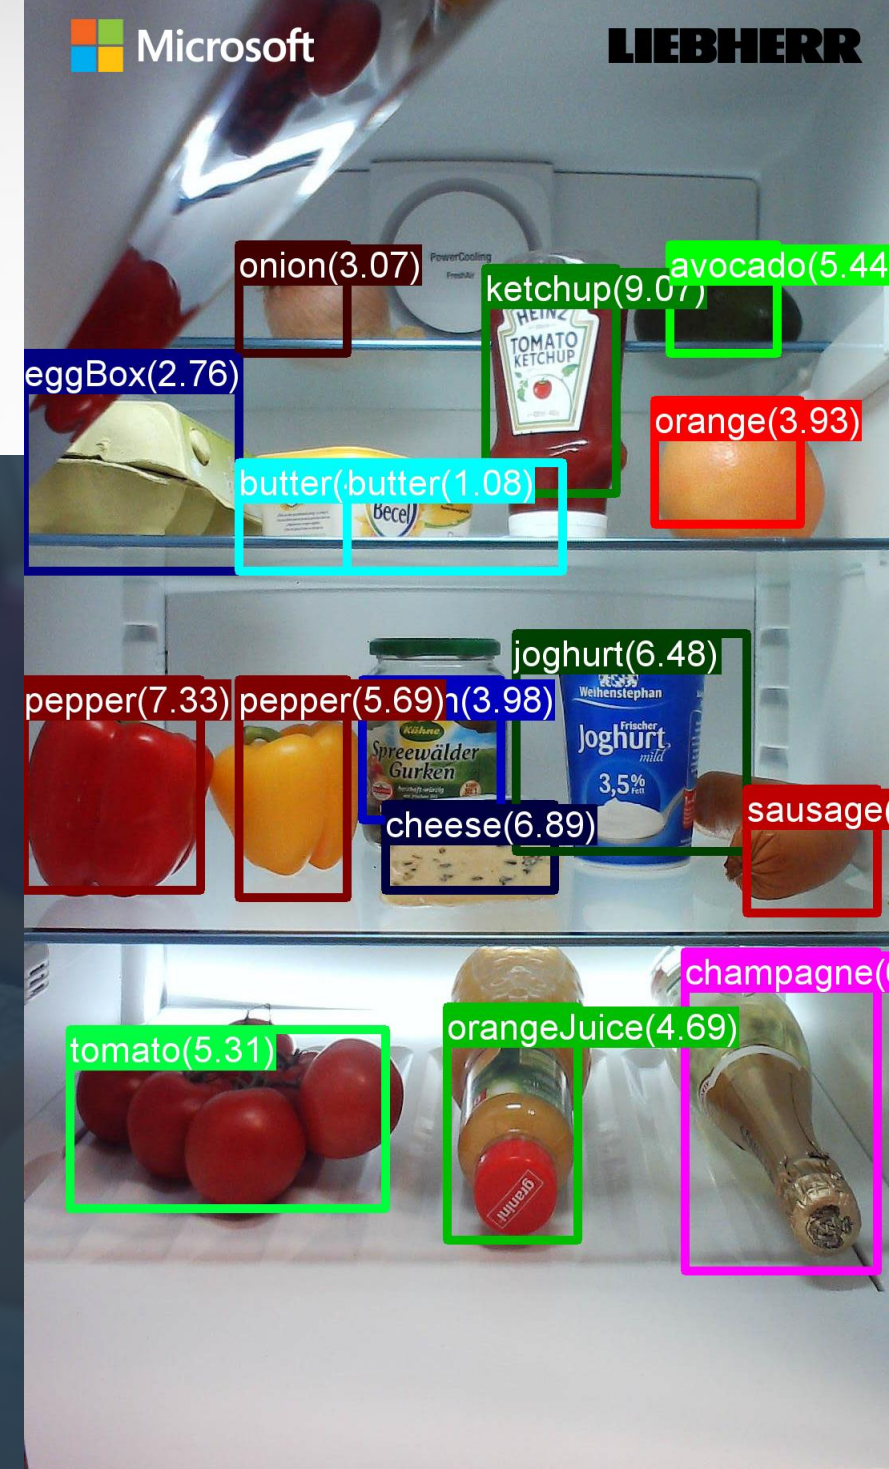

Operationalization

Cognitive Toolkit

Unlock deep learning

A free, open-source toolkit that trains deep learning algorithms to learn like the human brain.
